

DANCING LEMUR PRESS L.L.C. WRITING WORKSHOP

**Do your students struggle with writing?
Do you need assistance establishing the Writing Core
Standards in their young minds? Would the possibility
of publication motivate your students even more?**

Dancing Lemur Press, L.L.C. offers a dynamic program to schools and teachers that merges the mechanics of writing with the excitement of constructing a story.

During our visit with your classes, we cover writing occupations and the publishing process before diving into the heart of story crafting. Using a characterization handout, we walk the students through designing a quality character that will be used to create an engaging and compelling narrative.

Teachers continue working with students as they complete their work over the course of a month. Once the best stories are selected, they are included in an anthology available for students, teachers, and parents to purchase.

Our program not only reinforces the Writing Core Standards, but it infuses students with the joy of writing and creating.

Please contact Dancing Lemur Press, L.L.C. to schedule a session.

There is no fee for the program.

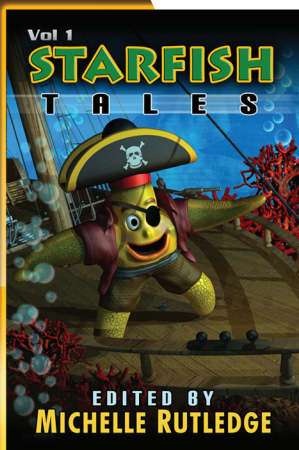

Books sell for \$7.95 - \$9.95 depending on length.

Two copies are donated directly to the school.

Books are available at online retail outlets in both print and eBook form.
